

relative CIELAB (a^* , b^*) diagrams of systems: ORS18, TLS18, NRS18, SRS18

offset reflective system: ORS18

television luminous system: TLS18

natural reflective system: NRS18

standard reflective system: SRS18

YE770-3

Adapted CIELAB data $LCH^*_{a,M}$ of maximal colours M of systems: ORS18, TLS18, NRS18, SRS18

offset reflective system: ORS18

television luminous system: TLS18

natural reflective system: NRS18

standard reflective system: SRS18

YE771-3

olv^*_{3M} or rgb^*_{3M} data of maximal colours M of systems: ORS18, TLS18, NRS18, SRS18

offset reflective system: ORS18

television luminous system: TLS18

natural reflective system: NRS18

standard reflective system: SRS18

YE770-7

Relative CIELAB data tch^*_M of maximal colours M of systems: ORS18, TLS18, NRS18, SRS18

offset reflective system: ORS18

television luminous system: TLS18

natural reflective system: NRS18

standard reflective system: SRS18

YE771-7
