

$Q_{ab}(x)$ = achromatic response function & modified

see Richter, K. (1996): Computer graphic, Fig. 4_48

<http://color.li.tu-berlin.de/BUA4BF.PDF>

$$Q_{ab}(x) = \frac{b}{\ln \sqrt{2}} \ln \left[1 + \frac{1}{1 + \sqrt{2} e^{x/a}} \right] - b \quad a=1, b=2$$
