

Access of ISO-TC42 members to working documents of CIE Division 1

CIE D1 *Vision and Colour* produces 3 more document types compared to ISO: CIE D1 Reports: **Annual (AR), Meeting (MR), and Reportership (RR)**.

There were requests of ISO committees to the CIE for a colorimetric support. In some cases a CIE TC was created to solve this ISO problem with a document exchange until the final publication. An example is CIE 184 (indoor daylight).

In other cases the CIE nominates a Reportership Reporter to write a (public) RR. Many Reporters liked this job because the copyright remained by the author.
