Equality of 5 step colour series by two definitions (Yes/No decision)

Layout example: three 5 step colour series

There are three basic colours on each page:
Black N, White W and Chromatic X
Ten pages include 10 hue planes
X = OYLCVM and RJGB
Any colour is defined by two different
PS-operators in center and surround field

All colours of the three series N-W, W-X and X-N should equal on **all** pages

Are the center and surround field colours equal on all pages? underline: Yes/No
only if No:

How many of the 3x4=12 steps are equal?

- Page 1: equal are out of 12 steps: steps of O = Orange Red
Page 2: equal are out of 12 steps: steps of Y = Yellow
