

CIELAB lightness L^* as function of CIE tristimulus value Y coordinates L^* and Y for achromatic colours

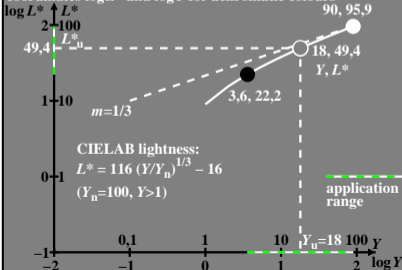

heb30-5a, eer30-3n

CIELAB lightness L^* as function of $\log Y$ coordinates L^* and $\log Y$ for achromatic colours

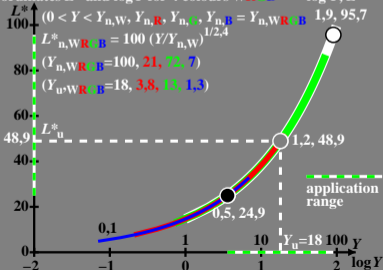

heb30-6a, eer30-4n

CIELAB lightness $\log L^*$ as function of $\log Y$ coordinates $\log L^*$ and $\log Y$ for achromatic colours

heb30-7a, eer30-5n

Approximation of CIELAB lightness L^* as function of $\log Y$ coordinates L^* and $\log Y$ for 4 colours $WRGB$

heb30-8a, eer31-3n

heb30-7n
